Girl at age 30

Girl at age 50

## Features

Face Age 2.0 incorporates many of our proven features such as the 3 Life Style Choices of Smoking, Obesity and UV Exposure for comparative aging and adds several important new ones.

### New features:

- all-in-one design
- compact foot print
- 21.5" LCD iMac with integrated touch screen
- faster user interface
- robust, clean design
- easier installation
- lower maintenance
- lower cost

### Available options:

- email option - users can email their images home
- branding option\* - now you can display your organization's logo
- foreign language option - great for attracting larger audiences
- image storage option - can be used to support "Times Square" public display

\* requires email option
